product code

all safes are made to order and each batch of safes has its own unique security override code and product code.

technical information

dimensions (mm):

400(w) x 125(h) x 350(d)

weight: 10.2kg

volume: 13.3 litre

warranty: 2 years (does not apply to batteries)

* ST or HS bimax control unit

- the control unit is uniquely encrypted for use in each establishment
- each override operation requires the use of a personal password and biometric fingerprint identification (HS model) which ensures that only authorised users have access
- audit reports include the last 120 operations of the safe and the last 160 operations of the control unit.

Care & Maintenance: Clean with a dry, non-abrasive cloth. **DO NOT** use abrasives or solvents.
