CLARINS

# Clarins, professional beauty products inspired by Institute treatments.

## A unique experience

50 years of practical experience in beauty Institutes, remarkable application methods that have proven their effectiveness in thousands of cases, an exceptional knowledge of men and women's beauty concerns, all of these have built the foundation of Clarins success.

## Clarins, a pioneer in natural beauty

Clarins has always favoured ingredients of natural origin. In its laboratories doctors, biologists and cosmetologists analyze and test the properties of thousands of plants for the same reason: use the highest quality plant extracts in their most effective concentration for optimum beauty results.

Today, Clarins products are sold in 150 countries and count millions of loyal clients around the world. A loyalty that owes nothing to chance...

## Eau Dynamisante, at the heart of nature

## A unique blend of 8 essential oils and 7 plant extracts

## Great fragrance!

Clarins excels in the art of using the aromatic and sensorial powers of essential oils... With its bouquet of citrus, cypress and delicate woody notes, Eau Dynamisante perfectly symbolizes this expertise. Its essential oils of orange, lemon, lavender and patchouli give it a fresh, exhilarating scent which is subtle yet lingering and which soothes away tension, lifts the spirits and energizes.

### Great feeling!

Beyond fragrance lies skin care. The aromatic properties of the essential oils in Eau Dynamisante are combined with the benefits of non-fragrant plant extracts taken from traditional medicine. Extracts of ginger and ginseng energize. Aloe provides hydrating benefits, horsetail tones and firms and ispaghul softens... to create a wonderful natural cocktail that instantly restores the skin's vitality, freshness and firmness.

Clarins guest amenities are perfumed with Eau Dynamisante.

## *Invigorating* Shower Gel With ginseng

## Eau Dynamisante Vitality, Freshness, Firmness

Created by Clarins, Eau Dynamisante was the first Treatment Fragrance to combine the fragrance and the skin care benefits of plant extracts for a "great fragrance and a great feeling". It tones, revitalizes and leaves the skin delicately scented, soft and hydrated. Its formula is non-photosensitizing.

#### KEY INGREDIENTS

Aromatic essential oils (citrus, patchouli, white thyme, petit grain, rosemary) with treatment benefits: scent, promoting a wonderful feeling of freshness, vitality and well-being.

Extracts of ginseng, eleutherocoque and harpagophytum: tone.

Extracts of aloe vera and ispaghul: hydrate, soften.

#### 30 & 60 ML BOTTLES

#### METHOD OF USE

Apply to the body (splash, rub on or spray) after a shower, sport or at any time of day to restore a feeling of freshness and vitality.

## Prestige pouches

Pouches with a selection of Clarins products are available on request.
