(Jasminium officinale)

DAMANA[®]

Respecting and restoring the goodness of nature.

Simplicity, authenticity and happiness are the key elements in the creation of **DAMANA[®]**.

Inspired by these values, we have created a line that combines the richness and authenticity of products influenced by nature and traditions in consideration of today's expectations in terms of wellbeing, pleasure and effectiveness. It was that philosophy in 2003 that enabled us to create **DAMANA[®] Earth and Sun**, a line enriched with medicinal and aromatic plant extracts.

After a few years, we extended the **DAMANA[®]** range with **DAMANA[®] Neroli**, a cosmetic line enriched with natural and soothing extracts of orange blossom - a plant typical of sunny regions.

Today, keeping true to the traditional and dynamic spirit of **DAMANA[®]**, we have gone one step further with the creation of **DAMANA[®] Organic Bath Line**. This truly organic line certified by **ECOCERT** and labelled by **COSMEBIO** will offer pleasure and well-being to your guests, while gentle to the environment.

DAMANA®

Earth and Sun

The earth provides us with a variety of plants, which naturally contain beneficial substances. This knowledge, passed from generation to generation, is the very essence of DAMANA®.

Inspired by traditional methods, DAMANA® is a range of products enriched with herbal extracts and subtle perfumes with natural scents, rejoicing in the earth and the sun for the well-being of your clients.

- No colouring agents
- No paraben
- No silicone
- No GMO's
- No animal derived ingredients
- Not tested on animals
- Dermatologically tested

DAMANA®

Earth and Sun

BOTTLES 40 ml - 1.35 fl.oz

Cleansing gel with invigorating extracts of citrus fruit (*Citrus*)

Citrus fruits like lemons and oranges draw strength and richness from the fertile earth and sunlight. They have energising and invigorating qualities. Citrus fruits are appreciated as genuine sources of vitality.

Body & hair gel with stimulating extracts of sage (*Salvia officinalis*)

Sage is a plant that grows in the sun drenched rocky hills. Its sun enhanced properties has encouraged its use as a remedy, an herb and as a beauty ingredient with stimulating qualities.

Conditioner with tonic extracts of white nettle (*Lamium album*)

White nettle (also called "white lamier") grows in abundance in the wild. This unruly and robust plant is endowed with the properties to produce an invigorating tonic.

Moisturizing body lotion with comforting extracts of orange blossom (*Citrus dulcis flores*)

Grown under the sun, the orange is a fruit tree with flowers that give off a delicate perfume. The distillation process yields a refined water with soothing and calming qualities. Mothers, settling their children before bed, also appreciate these qualities.

BOTANICAL SOAP

30, 50 & 80 g - 1.05, 1.76 & 2.82 oz

Conditioning shampoo with balancing extracts of juniper (*Juniperus communis*)

A small shrub found in Central Europe, juniper has always been used as a medicinal plant. Juniperine, extracted from the berries of the plant, has a balancing effect on the body.

Gentle soap with nourishing extracts of olive oil (*Olea europaea*)

Symbolic of the Mediterranean, olives have been used since the time of Hippocrates, "Father of Medicine", for their healing qualities. The fruit from this tree symbolises, fertility and wisdom, producing a rich oil with nutritious properties.

TRAY (200 x 132 x 10 mm)

DAMANA®

BATH SALTS 30 g - 1.05 oz

Bath salts with relaxing extracts of jasmine (*Jasminum officinale*)

Jasmine, frequently cultivated around the coastal areas of the Mediterranean is carefully hand picked in order to preserve the best from the flower, which offers a rare essence of soothing and relaxing qualities.

ECOPUMP 300 ml - 10.14 fl.oz

Cleansing gel with invigorating extracts of citrus fruit (*Citrus*)

Body & hair gel with stimulating extracts of sage (*Salvia officinalis*)

Moisturizing hand & body lotion with comforting extracts of orange blossom (*Citrus dulcis flores*)

Conditioner with tonic extracts of white nettle (*Lamium album*)

Exfoliating soap
50 g - 1.76 oz

Bitter orange *Citrus aurantium amara*

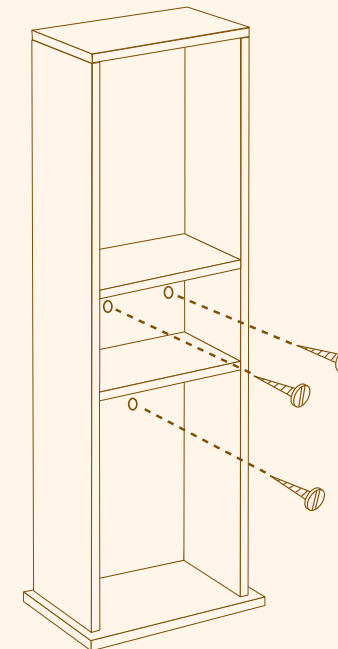

Growing principally around the Mediterranean basin, the bitter orange tree “*Citrus aurantium amara*” is a small fruit tree with pure white flowers, from which precious orange blossom water is extracted. Renowned for millennia for its delicate perfume, comforting, soothing and refreshing properties, it was the Princess of Neroli, a city near Rome, who fashioned the bitter orange essence in the 17th century as a perfume for her gloves and bath and in whose name it is known today.

To be recognised as organic
DAMANA[®] Organic Bath Line
had to meet requirements specified
by ECOCERT, a certification body
that guarantees the genuine
implementation of environmental
practices.
www.ecocert.com

COSMEBIO is the Professional
Association of the Ecological and
Organic Cosmetics who bring
together all the participants in the
network from raw materials and
ingredient suppliers to manufacturers
and cosmetic laboratories and
distributors.
www.cosmebio.com

The basic principles of the ECOCERT standard

1. The use of ingredients derived
from renewable resources, ma-
nufactured by environmentally
friendly processes.
2. A minimum threshold of natural
ingredients from organic farming to
be reached to obtain certification.
3. On site audit is performed by an
Ecocert auditor.
