

## **Installation and use instructions**

### **ELITE KRISTAL VISION LED LIGHTED MIRRORS**

#### **CAUTION**

##### **READ ALL INSTRUCTIONS BEFORE USING ELITE KRISTAL VISION MIRRORS**

1. Use this mirror only for its intended use as described in these instructions.
2. Close supervision is necessary when this mirror is used by children or disabled persons.
3. Never operate this mirror if it has a damaged cord or plug or it is not working properly.
4. Should the cable be damaged they may only be replaced by a qualified technician.
5. In case the above instructions would not be followed or in case of inadequate use. The manufacturer will not be responsible for damages to people or things.
6. The mirror must be delivered at the end of its service life at a collection point for recycling by electric and electronic device.

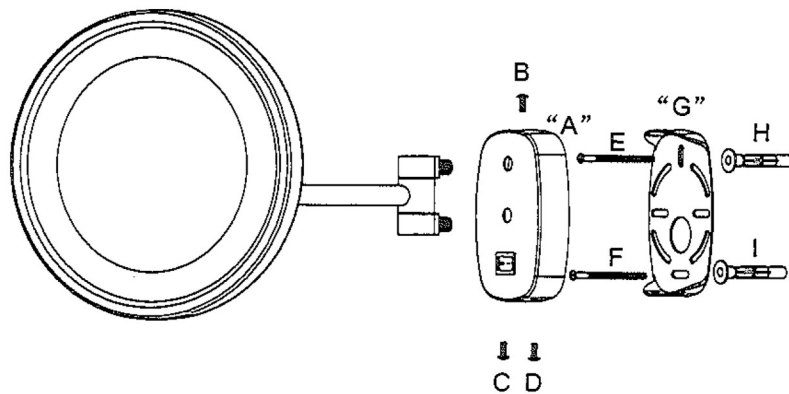

#### **MOUNTING INSTRUCTIONS**

1. Determine appropriate location and height. We recommend approximately 150 - 160 cm from floor if mirror is to be used while standing.
2. In bathroom the mirror must be placed out of reach of a person using the bath or shower and must be connected to the main supply in accordance to the latest regulations for electrical installations, minimum distance of 60 cm from shower cabins and bath tubs, and 120 cm from shower heads.
3. Be sure this mirror is not in a position where it can reflect sunlight. Reflected sunlight can cause fire.
4. Remove the mounting plate (G) from the decorative cover (A) by turning off the 3 screws (B), (C), and (D). Using mounting plate (G) as a template, locate appropriate position for holes on wall and mark. Drill two holes to accommodate enclosed wall anchors (H-I). Insert wall anchors (H-I). Insert wall anchors (H-I) into holes, holding mounting plate (G) into position, thread screws (E-F) through mounting plate into wall anchor and tighten.
5. Place decorative cover (A) over mounting plate by aligning holes with screws (B), (C) and (D).

## CLEANING INSTRUCTIONS

This Elite Kristal Vision LED Mirror takes only minimum maintenance for years of service.

1. unplug the mirror from the power supply system before cleaning.
2. Clean the mirror with any glass cleaner or soap and water. Do not use any harsh cleaning chemicals or abrasive cleaners.
3. Clean metal parts by wiping with a damp cloth.
4. Do not light until the mirror is completely dry.
