Drink T40 Plus

The new Drink T Plus comes from the timeless line Drink Plus. A valid compromise between the most evolved compressor systems and traditional absorption ones.

Drink T40 Plus is the thermoelectric minibar with a capacity of 40 liters and reversible panel door. The absence of internal or external fans and the high quality thermoelectric plate make the minibar completely silent. The internal compartment has aluminium shelves and LED light. Available, as an optional, a practical 1.5 L bottle-holder balcony.
